

# Sean McKeon

## Multidisciplinary Artist / Motion Designer

### About me

I am a multidisciplinary artist and motion designer based in Richardson, Texas with over 15 years experience designing graphics and animations.

### Experience

- |                                                                                                       |                                         |                              |
|-------------------------------------------------------------------------------------------------------|-----------------------------------------|------------------------------|
| <b>NBCUniversal</b>                                                                                   | <b>Senior Designer</b>                  | <b>June 2025 - Present</b>   |
| • Designed news assets and network event animations for the NBC and Telemundo markets.                |                                         |                              |
| <b>INTER NYC / Gamestop</b>                                                                           | <b>Freelance Motion Designer</b>        | <b>Oct 2024 - April 2025</b> |
| • Created alien-humanoid characters and environments for interactive art exhibits.                    |                                         |                              |
| • Concepted experience loop and visuals for Gamestop x PSA Push Start Arcade.                         |                                         |                              |
| <b>Intake Studios</b>                                                                                 | <b>Senior Motion Designer</b>           | <b>April 2016 - Oct 2024</b> |
| • Designed and created 3D scenes for multiple pre-shows at AMC Theatres.                              |                                         |                              |
| • Animated promotional materials for AMC Theatre's in theatre screens and social media.               |                                         |                              |
| • Generated 3D elements for AMC Theatre's print media and posters.                                    |                                         |                              |
| <b>Garmin</b>                                                                                         | <b>Senior Motion Designer</b>           | <b>Sep 2021 - May 2022</b>   |
| • Developed product videos for smart watches, dash cams, and dog collars.                             |                                         |                              |
| <b>S Group Creations</b>                                                                              | <b>Senior Motion Designer</b>           | <b>Jul 2014 - Apr 2016</b>   |
| • Crafted player intros, LED banners, and hype video graphics for national sports franchises.         |                                         |                              |
| • Created works for Kansas City Royals, Seattle Mariners, Dallas Cowboys, and Calgary Flames.         |                                         |                              |
| • Provided CAD renderings for Scholle packaging products.                                             |                                         |                              |
| <b>T2 / Hint</b>                                                                                      | <b>Motion Designer &amp; Programmer</b> | <b>Jan 2011 - Jul 2014</b>   |
| • 3D lead for the design team at Hint.                                                                |                                         |                              |
| • Designed and programmed graphics for commercial projects and large events.                          |                                         |                              |
| • Produced graphics for PUMA, National Geographic, Wendy's, Petsmart, Sprint, and LinkedIn.           |                                         |                              |
| <b>JW Broadcasting</b>                                                                                | <b>Creative Services Producer</b>       | <b>Jun 2008 - Dec 2010</b>   |
| • Wrote, shot, and edited commercials at Columbia, Missouri's local ABC and FOX affiliate tv station. |                                         |                              |

### Education

|                                                      |                                                 |                    |
|------------------------------------------------------|-------------------------------------------------|--------------------|
| <b>University of Missouri</b><br>Bachelor of Science | <b>Field of study</b><br>Information Technology | <b>2003 - 2008</b> |
|------------------------------------------------------|-------------------------------------------------|--------------------|

### Capabilities

|                                                                                                                                              |                                                                                                                               |
